1 Introduction & Objectives

1.1 About AIC

Agriculture Insurance Company of India Limited (AIC) has been formed under the aegis of the Government of India and promoted by 6 Public Sector Companies as a specialty Crop Insurance provider to the Indian farming community. AIC was incorporated on 20th December, 2002 with an Authorized Share Capital of INR 15 billion and a Paid-up Capital of INR 2 billion. AIC commenced business operations from 1st April, 2003, by taking over Crop Insurance operations from its major Promoter, General Insurance Corporation of India.

Currently, AIC covers 25 million farmers under its various crop insurance schemes, making it by far the largest Crop Insurance Company in the world. Of these, more than 86% belong to the small & marginal category. The major challenge was to reach the remotest farmer in the country and service him at an affordable cost. If every last-mile farmer is to be reached by AIC or vice-versa, the service loading on the premium ticket would become financially crippling to him.

Since our Company is engaged in the service of the farming community of the country, the overwhelming majority of whom are poor, we have modeled our resource pattern in accordance with those economic compulsions. Accordingly, to keep our management costs to the ground, AIC functions with only around 300 employees on the rolls, but insures around 25 million farmers. We operate out of 17 Regional Offices (additional Regional Office in Guntur shall be operational shortly) and 1 One Man Office only, but have to deal with around 150 thousand Bank Branches & Primary Agricultural Co-op. Societies at the grassroots level.

1.2 Purpose

The Company invites Request for Proposal (RFP) from Consultants of repute and proven track record to assist the implementation and administration of the Company's smooth transition into GST administration as detailed in Terms of Reference (TOR). (Please refer para 10).
